Deciding which services are best for you

Listed below are the services we offer with a detailed description. This will help you decide which services may be best for your day.

Updo: an updo consists of the hair being entirely pinned up. This may be a good option if you are planning for humid hot weather. Updos can be done on medium to long hair. This style is great for dancing the night away as it's secure and out of the way.

Curls/Half Updo: This includes some hair being pinned up and some left down. It is a beautiful option to show off long hair.

Traditional Makeup: We proudly carry our own exclusive line of professional make up. Our makeup is primarily mineral based and is lightweight. If you are someone who is not used to wearing makeup, has larger pores, wrinkles etc. This is a great option for you. We carry a full line of pressed foundations, liquid, creams, and loose so depending on the coverage you are looking for we've got you covered!

Airbrush Makeup: Airbrush makeup is makeup sprayed onto the skin using an **airbrush** instead of being applied with sponges, brushes, fingers, or other methods. Airbrush gives a long lasting flawless glow to the skin. If you are used to wearing makeup everyday and have fairly smooth skin this is a great option for you. It gives light to full coverage depending on your liking. In our airbrush application, the foundation is airbrushed but your eyes will be done with traditional.

Lashes: Lashes are a great way to open up the eyes and make them pop. We use a lightweight strip lash applied with a lash adhesive. If you have sensitive eyes the adhesive might cause irritability to your eyes.

Bridal Packages:

Bundle your services and save. Packages are a great way to ensure you and your party look fabulous! bridal packages are available both for on-location and in salon parties. Services cannot be substituted for other services. If your service options are not listed in a package you would choose them a-la-carte. Credits will not be given for unused services.
